

LUTHER CRAWFORD IS SHOT TO DEATH

SAMUEL T. ZACHARY HELD AT THE COUNTY JAIL FOR THE CRIME

Shooting Followed An Altercation in Road Near the Crawford Home—Both of the Victim's Arms are Shot Off—The Grand Jury Will Take Up Case at Today's Session

Samuel T. Zachary is a prisoner in the county jail following the death of Luther Crawford from gunshot wounds inflicted by Zachary following an altercation between the two men about 2:30 o'clock Wednesday afternoon. Zachary shot Crawford four times with a twelve gauge shot gun, all the shots taking effect. Both arms were practically shot off and two of the charges struck Crawford in the stomach and breast. The wounded man was rushed by automobile to Passavant hospital where he was attended by Dr. Bowe and Dr. Reid. The shock and resultant loss of blood was such that Crawford passed away at 5 o'clock Wednesday afternoon. All of the shots were fired, according to witnesses, at a distance of about twenty feet. The gun used was a Winchester pump gun. Following the shooting news of the tragedy was telephoned to Sheriff Weatherford. The sheriff notified State's Attorney Robinson who immediately adjourned the grand jury which was holding a session. The sheriff, accompanied by Mr. Robinson and Deputy Sheriffs Wright and Roach, immediately started for the scene of the tragedy in Deputy Wright's car. The officers found Mr. Zachary and his daughter just beyond the farm of Lester A. Reed. Mr. Zachary told the officers he had started to town to surrender to the sheriff. Their car had skidded into a ditch. The officers stopped and assisted in getting the car out of the ditch. While they were engaged in this work two other automobiles, one carrying Crawford, passed, taking the wounded man to the hospital. Mr. Zachary had the shotgun with him which was taken charge of by the sheriff. There was one shell still in the magazine of the gun. Stories of Shooting. According to the story told by Mr. Zachary to State's Attorney Robinson he had been out rabbit hunting. Crawford with several others were in the road near the Crawford home. Mr. Zachary said Crawford called him and when he went over they had an altercation about personal matters of some months standing. Mr. Robinson said Zachary told him that Crawford called him several times and grabbed him by the collar. He displayed a button torn from his shirt in support of this statement. He said he shot Crawford at a distance of about twenty feet. Albert Filey, section foreman of the Burlington at Pisgah; Charles S. Duffer, a neighbor of Crawford, and Russell Crawford, a son of the dead man were witnesses of the shooting. To the state's attorney these men related a different story. All of them said that Mr. Crawford did not call Mr. Zachary but that he came up to the party in the road. They also said that at no time did Crawford take hold of Mr. Zachary. The witnesses said the men had an altercation and that Crawford turned and walked away from Zachary. That when at a distance of about twenty feet he turned in response to something that Zachary said. It was then, according to these witnesses, that Zachary fired. The first shot tore off one of Crawford's arms and then a shot struck him in the breast knocking him down. The witnesses told Mr. Robinson that Zachary then fired two shots while Crawford was lying on the ground. One of these shots tore off the other arm and the other struck the stomach. It is said by the witnesses that after Zachary fired the first shot that Crawford said: "Don't shoot me any more Uncle Sam."

CONSIDERATION OF FAR EAST PROBLEM BEING CONSIDERED

China's Presentation of Cause Heard by Conference

(By The Associated Press) WASHINGTON, Nov. 16.—The Washington conference today turned to consideration of Far Eastern questions with almost the same momentum with which it tackled the question of naval armaments. It was the Chinese delegates who led the way this time. In the committee of nine at which all nations participating were represented, they produced a basis of discussion which represents their views. The open sympathy of the United States with their position was at once manifest. The British supported it in many respects. The positions of the others were not so clearly defined, although members of the Japanese delegation have given expression of approval in part at least to China's "bill of rights." In brief China wants guarantees for territorial integrity and political and administrative independence, she proposes the open door for all in all parts of the country, she wants all spheres of influence relinquished; she wants no treaties made affecting her without being consulted about them. The discussion of far eastern affairs will be continued at another meeting tomorrow. Meanwhile the committee of chairmen appointed at yesterday's meeting of the big five is continuing its examination of the American proposals for naval limitation.

ESCAPED CONVICT CAUGHT IN MAIL CAR

(By The Associated Press) PHOENIX, Ariz., Nov. 16.—Roy Gardner who was captured by Herman F. Inderled, a mail clerk, in a mail car at the Atchison, Topeka & Santa Fe railway station here last night will not be tried for the attempt to rob that car but will be sent to Leavenworth, Kans., to finish serving sentences which were hanging over him when he escaped from the federal prison at McNeil Island, Washington, on September, according to announcement made tonight by Thomas Flynn, U. S. district attorney here. Mr. Flynn said he had asked the department of justice at Washington whether to prosecute Gardner for last night's affair and had been instructed to have Gardner transferred to the federal penitentiary at Leavenworth.

RAILROADS WILL MAKE REDUCTION IN FREIGHT RATES

Ten Per Cent Cut on Carload Lots of Farm Products

(By The Associated Press) NEW YORK, Nov. 15.—An immediate reduction of ten per cent in carload freight rates on farm products, for a period of six months, was agreed upon today by executives of the railroads of the United States. Thomas Dewitt Cuyler, president of the association of railway executives stated that any reduction in such rates made since September 1, 1920, were to be included in the ten per cent and that it would be put into effect without waiting for a reduction in wages. The freight rate cut will apply thruout the entire country except on traffic moving wholly within New England. It was expected that the new rate would be effective within ten days. The reduction will cost the railroads about \$55,000,000 it was estimated.

"The railroads have already reduced freight rates substantially from the level established by the commission in August 1920," Mr. Cuyler's statement said. "The reductions already made are estimated, as accurately as can be to involve a loss of revenue at the rate of from \$175,000,000 to \$200,000,000 annually. These reductions in many roads represent a loss much greater than any corresponding saving realized from reductions in wages already effected. The railroads are furthermore awaiting decisions of the railroad labor board which it is hoped, will relieve the companies of the expense of many onerous and uneconomical working conditions. The railroads are not in a financial condition to make this sacrifice."

"Unless there should be some revival in business, the probability of which is conjectural, the entire immediate loss involved in this proposed reduction in rates would be taken from the net earnings of the railroads."

The executives passed a resolution to the effect that in the event of disagreement between the railroad officials and their employees, in conference on wage reductions, the necessary steps under the law would be to apply to the railway labor board for quick action. It also was decided by resolution to apply to the interstate commerce commission for a rehearing of the hay and grain case. The new rates are applicable to carloads of wheat, corn, oats, other grain, flour and meat, hay, straw and alfalfa, manufactured tobacco, cotton, other fresh fruits, potatoes, other fresh vegetables, dried fruits and vegetables, horses and mules, cattle and calves, sheep and goats, hogs, poultry, eggs, butter, cheese and wool.

AMERICAN PROPOSALS PLEASE HENRY FORD

(By The Associated Press) DETROIT, Mich., Nov. 16.—The American proposals for the reduction of world's navies represents a step in the right direction but are not far reaching enough Henry Ford declared here today. It is Mr. Ford's view that the material that goes into the construction of implements of naval warfare would be more advantageously devoted to the manufacture of agricultural implements and other peace time necessities. Mr. Ford left here today for Washington where he will confer with Secretary Weeks regarding his offer to take over and operate the Muscle Shoals nitrate plant.

CONTI WINS FROM JAKE SCHAEFFER

Chicago, Nov. 16.—Roger Conti French billiard champion, today won his first victory in three starts in the world's championship 18.2 ball tournament when he defeated Jake Schaeffer, Jr., 400 to 203. Conti had previously lost to Welker Cochrane of San Francisco and Willie Hoppe, holder of the championship title. Conti played out in ten innings and exhibited his best work of the tournament. His high run was 133.

Ann Arbor, Mich., Nov. 16.—A tablet bearing the names of University of Michigan students who lost their lives in the world war will be unveiled on Perry Field here Saturday prior to the Michigan-Minnesota football game.

BRIEFS

(By The Associated Press) LINCOLN, Neb., Nov. 16.—Mrs. A. G. Peterson, the first woman member of the state board of control, died at her home in Aurora Tuesday night, according to a message received here today. Ill health forced her retirement from the board. She was prominent in the state for years and was national president of the P. E. O. sisterhood.

WASHINGTON, Nov. 16.—A resolution requesting the secretary of war to inform the house whether court evidence had shown conclusively that all of the soldiers convicted for participating in the Houston, Texas riot in August, 1917, were guilty was introduced today by Representative Anthony, republican, of Kansas.

Nineteen of the soldiers were hanged, sixty-two were sentenced to life imprisonment and five were sent to prison for fifteen years, Mr. Anthony said.

TRINIDAD, Colo., Nov. 16.—Miners going on shift at the Sopris mine of the Colorado Fuel & Iron company near here tonight were met by pickets who persuaded the men not to work, according to reports telephoned here to Sheriff John J. Marty, of Las Animas county, by company officials.

WASHINGTON, Nov. 16.—Another bar against fraudulent liquor withdrawals was put up tonight by Prohibition Commissioner Haynes. All state directors were instructed to approve no applications for withdrawal permits in the near future that are not of regular government issue and to discontinue at once the practice of accepting forms printed by private individuals.

MACOMB, Ill., Nov. 16.—William L. Derry, sixty-three, secretary of the Illinois vehicle and implement association and former president of the national organization of the same association, died suddenly at his home in Vermont, twenty miles from Macomb last night. Heart trouble was the cause.

ST. LOUIS, Mo., Nov. 16.—A delegation of twenty-eight persons, headed by St. Clair Lieber, reader in a Christian Science church, visited the St. Louis county parole board this afternoon and asked that the parole of Edward Dempsey, now of Kansas City, be revoked and that he be returned to jail so they "could visit him in an effort to bring about his reformation."

JEFFERSON CITY, Mo., Nov. 16.—Women whose husbands have taken up their first naturalization papers may vote in Missouri if a bill, passed today by the house of representatives, receives the signature of Governor Hyde.

OTTUMWA, Ia., Nov. 16.—Military and civil authorities in charge of the strike situation at the John Morrell packing plant here late today, announced that all attempts at violence had apparently subsided and that disturbances similar to those of yesterday when more than a dozen men were injured, were at an end.

MILWAUKEE, Wis., Nov. 16.—Harry Clark will manage the Milwaukee American Association baseball team next season. The Paulding, Ohio, player, who led the Milwaukee club to pennants in 1913 and 1914, came here for a conference with President Borchert of the Brewers on Wednesday and he will sign a contract some time on Thursday.

LONDON, Nov. 16.—In connection with its policy of rearmament in administrative expenditures, the British admiralty has resolved to retire on pension, eighty naval captains and 200 commanders early next year according to the Evening News today. These retirements would not involve taking more ships out of commission, it was said.

CHICAGO, Nov. 16.—Edouard Horemans, Belgian champion balking billiard player at Elston, tonight defeated Walker Cochrane of San Francisco, 400 to 341 in the world's championship tournament here. Horemans played out in twelve innings and had a high run of 158 while Cochrane's high run was 78.

EGGS AND TURKEY PRICES GOING HIGHER

Washington, Nov. 16.—Eggs, Secretary of Labor Davis said today, are "going sky high" and likewise turkey. These two commodities, contrary to the general trend of foodstuff prices are being boosted prior to holiday demands, Mr. Davis asserted, "by the cupidity and short sightedness of the storage warehouse people."

MAYOR OF DETROIT WILL NOT ATTEND CHICAGO BANQUET

Declines Thompson's Invitation in Caustic Letter

(By The Associated Press) DETROIT, Mich., Nov. 16.—Mayor James Couzens tonight made public a letter to Mayor William Hale Thompson of Chicago, in which Mr. Couzens declined an invitation to speak on traction problems at a banquet of the Cook County Real Estate Board on December 8. His reason for declining the invitation, Mayor Couzens stated, was the alleged attitude of Mayor Thompson on the recent unemployment conference at Washington.

In his letter, Mayor Couzens quoted Mayor Thompson as publishing a statement declaring the conference a "capitalistic move, a drive against union labor and a conspiracy to lower wages."

The truth of this alleged statement, Mayor Couzens, a member of the conference, denied. "Under no circumstances could I visit Chicago while a man so irresponsible is in the mayor's chair," Mr. Couzens declared.

The invitation was extended by Mayor Thompson, the Chicago Association of Commerce and the Cook County Real Estate board.

MINERS FIGHT IS CARRIED TO U. S. COURT OF APPEALS

Hearing is On Injunction Issued by Judge Anderson

(By The Associated Press) CHICAGO, Nov. 16.—The fight between the miners and operators of Mingo county, West Virginia, was carried into the United States circuit court of appeals here today when charges and countercharges were hurled back and forth in the appeal hearing from the injunction suspending the checkoff recently issued by Judge A. B. Anderson of Indianapolis. Charges that the United Mine Workers of America had entered an agreement in 1898 with the mine operators of the central competitive field, to destroy competition in the field and of the West Virginia and other fields were met with a charge that the West Virginia operators were trying to stir up trouble which would give them a greater market and higher prices.

The checkoff used to collect union dues and assessments was declared a legal procedure by William A. Glasgow, counsel for the union, but he asserted his willingness to submit to an injunction enjoining any illegal objects for which the checkoff was used. Counsel for the operators, S. T. Vincent of Huntington, W. Va., declared the money derived from the checkoff extended union activities therefore furthered the alleged conspiracy.

AUTHORITIES PROBING MONROE MURDERS

(By The Associated Press) KALAMAZOO, Mich., Nov. 16.—Cass county authorities today resumed their investigation into the murder of William Monroe, his wife, and their 17 year old daughter, Nevada, December, 1919, last, as the result of a story told by Aredith Monroe, 12, who named a well-known resident of Dowagiac as the slayer of her parents and sister.

At the same time, the authorities said they placed little credence in the story of the child, who was badly beaten with the club used to kill the others, ascribing it either to imagination or to the suggestion of some person who holds a grudge against the accused man.

SHARP INCREASE SHOWN IN BUILDING

NEW YORK, Nov. 16.—A sharp increase in building last month was shown by figures from 157 cities made public tonight by Bradstreet.

The total value of building for which permits were issued in October was \$167,386,660, as against \$149,560,906 in September and only \$92,175,533 in October, 1920. This indicates a gain of 11.9 per cent over September and 81.6 per cent over October a year ago. The total at all cities so far reporting for October was said to be second only to the aggregate of April, 1920, when building boom reached its interest.

RABBIT MAGNATE MUST SERVE SENTENCE

Milwaukee, Wis., Nov. 16.—Charles H. Rowan, "rabbit magnate" must serve his sentence of a year in Leavenworth for fraudulent use of the mails.

AMENDMENT TO FIX SURTAX IS BEFORE HOUSE

Vote Will be Taken on Senate Amendment Today

(By The Associated Press) WASHINGTON, Nov. 16.—The big issue in the tax revision bill—the senate amendment fixing the maximum surtax rate at fifty per cent—is to come to a vote tomorrow in the house.

Spokesman for the "insurgent" Republicans and the Democratic minority expressed confidence that they could muster the necessary votes to keep the high rate in the bill. While making no predictions, Republican leaders generally were hopeful that ultimately there would be a compromise as between the senate rate and the house rate of thirty two per cent, probably around forty per cent.

Chairman Campbell of the rules committee said tonight that the vote would be under a rule limiting debate to two hours and insuring a decision on the straight out issue of accepting the senate amendment.

Should the proposition to accept the senate amendment be voted down the house then could agree on a compromise figure or permit the conferees to resume negotiations with the senate managers without further instructions.

After the house has expressed itself on the surtax amendment the conferees will proceed to dispose of the other "high spots" in the bill.

The conferees today agreed to senate amendments striking out original house provisions for the exemption from the income tax of income received by foreign traders and foreign trade corporations from sources outside the United States. It was the understanding that the conferees would accept the senate provisions designed to place Americans doing business in Philippines and Porto Rico on a par with foreigners there, so far as taxation is concerned.

The managers also agreed on the senate amendments repealing the tax on parcel post packages and on bonds of indemnity and surety. Another senate amendment accepted provides that if corporations issue capital stock at a value of less than \$100 a share, the tax shall be one cent on each \$20 of the actual value or fraction thereof. The present law imposes a tax of five cents on each \$100 of stock, irrespective of the par value of the shares issued. Other senate amendments accepted include those reenacting provisions of the existing law imposing taxes at the present rates on:

Capital stock of corporations. Brokers, proprietors of theaters, circuses, bowling alleys, billiard rooms, shooting galleries, riding academies, persons operating or renting passenger automobiles for hire, brewers, distillers and wholesale and retail liquor dealers.

Manufacturers of tobacco, cigars and cigarettes. Dealers in narcotics. On the employment of child labor and license levies on owners of yachts and other pleasure crafts.

BRITISH EXCHANGE SHOWS STRENGTH

New York, Nov. 16.—British exchange, as represented by the pound sterling, rose to a fraction over \$4 for demand bills in this market today. This is the highest quotation in more than six months and equals a gain of six cents from the low quotation of the week.

French and other leading continental remittances also strengthened and German marks, which recently reached their most acute stage of demoralization, were relatively firm.

THE WEATHER

Illinois:—Rain and colder Thursday probably turning to snow in north portion; Friday partly cloudy and colder. Temperatures. The current maximum and minimum temperatures as recorded Wednesday were: Jacksonville, Ill., 58 63 41; Jackson, 44 44 30 36; Buffalo, 46 48 32; Jacksonville, Fla., 44 50 34; Detroit, 76 82 72; Omaha, 44 48 34; Minneapolis, 36 40 36; Helena, 34 36 34; San Francisco, 13 24 19.

FARRINGTON ACCEPTS DEFY OF WILKINSON FOR STRIKE DEBATE

Head of the Illinois Miners is Willing to Take Howat Side of the Controversy—He Also Quarrels With the Delegates Who Seek to Take Away the Appointive Offices

(By The Associated Press) PEORIA, Ill., Nov. 16.—Illinois miners in convention here this afternoon took a vote on the question of abolishing the appointive officers by the president and making them elective. The result of the vote will be announced tomorrow morning and is expected to be close.

All of today's session was devoted to discussion on the question of curtailing the president's powers. President Farrington vigorously opposed the plan and engaged in numerous fights with delegates who opposed him.

Challenge by John Wilkinson, president of District No. 21, United Mine Workers of America to supporters of Alexander Howat in his present stand in Kansas, to debate the Kansas situation with him was accepted this morning by Farrington.

The claim of Wilkinson that Illinois miners are moved by selfish motives to support of the striking Kansans is characterized in a telegram sent Wilkinson by the Illinois president as "too ridiculous to receive the consideration of any sensible man."

The acceptance of the challenge for debate sent by Farrington follows:

"Press despatches in this morning's papers credit you with having issued a challenge to the Howat supporters to debate the Kansas issue with you. Since you have insinuated that the Illinois miners might be moved by selfish motives in supporting the Kansas miners, in that the Illinois miners would secure additional work by keeping the Kansas miners idle. An examination of the annual tonnage produced in Kansas and the number of men employed in the mines of Illinois will easily reveal that your claim is too ridiculous to receive the consideration of any sensible man."

"As for your challenge I accept it and I here and now agree to debate the Kansas situation with you in the mining camps of Illinois, Kansas and your own district; you to select the points at which the debate will be held in your district, I to select the points in Illinois and the Kansas miners to designate the communities in Kansas where they desire the debate to be held. Please wire if it is agreeable to you to debate this question in the mining camps of the districts designated so that we may meet and work out the details of the agreement."

Frank Farrington.

NO ARMAMENT DISCUSSION ON FLOOR OF HOUSE

Would Avoid Anything Hampering Conference Work

(By The Associated Press) WASHINGTON, Nov. 16.—Leaders in congress, Democrat as well as Republican, were reported today to be considering plans for avoiding introduction of measures in congress and floor discussion which might hamper the armament limitation conference.

Plans for adjournment of the present extra session late this month were under negotiation between senate and house leaders again today with November 23 as the tentative date under discussion.

With the possibility that the armament limitation conference might continue thru December, the suggestion has been made to President Harding that it might be well for congress to take a recess, when it assembles, December 5, for the new session until after the holidays. This suggestion if adopted would delay the annual appropriation bills, the tariff revision allied debt funding and other measures.

CHARGED WITH MURDER OF PARENTS

Saginaw, Mich., Nov. 16.—A warrant charging Richard Champlain, 22 years old, with the murder of his father and stepmother, Mr. and Mrs. Adrain Champlain, was ordered tonight by Prosecuting Attorney Crane after a coroner's jury returned a verdict of homicide. The bodies of Champlain and his wife were found in their fire swept farm home near Homelock early Tuesday. Young Champlain escaped from the burning house.

FORD-NEWBERRY CONTEST COMES UP IN U. S. SENATE

Majority Report Presented by Chairman Spencer

(By The Associated Press) WASHINGTON, Nov. 16.—The senate took up the report of the privileges and elections committee today on the contest of Henry Ford against the seating of Truman H. Newberry, Republican, Michigan, who was his opponent in the 1918 election and altho the debate was at times heated and a night session was forced little progress was made toward a vote. The debate was opened by Chairman Spencer of the privilege and elections committee who supported the report of the majority calling for the seating of Senator Newberry and in general defended the senator and his 1918 campaign.

Senator Spencer and other Republicans, who previously had charged the Republican with attempting to force the resolution for seating Mr. Newberry when the armament conference was occupying the public attention, took the floor and began to read the majority and minority committee reports. The document totals some 2,000 pages and other Democrats said they were ready to take up the reading in relays if necessary.

Senator Epencer and other Republicans denied that they were attempting to force the resolution thru as Mr. Harrison had charged and said they were ready to vote. But Mr. Harrison and Senators Walsh of Montana and Swanson of Virginia then began an attack in which they accused the Republicans of seeking a refusal, thru the objection of Senator Watson, Democrat, Georgia, earlier in the day for a unanimous consent agreement to vote on the resolution December 28.

Mr. Swanson declared the action in calling a night session was high handed and that a time would come for repentance. Mr. Harrison inquired whether the Republicans desired as "you did on the night of the passage of the tax bill to gather in the cloak room and sing thru the night session."

Senator Spencer in the course of his address said he admitted that the money spent in the Newberry campaign was too much but he contended that the Michigan senator had violated no law.

Senator Stanley, Democrat, Kentucky, interjected to say the campaign "was a race between a tin lizzie and a golden chariot."

The way in which the Harding administration has deflated the Government payroll is strikingly shown by the fact that where now there is 1 in each 35 citizens of the county on the Federal payroll or pension list, at the time of the armistice the ratio was 1 to 4.

Ralph Obenchain may lose something of his present proud position as a hero if he persists in his intention to remarry his former wife. There has been a lot of admiration for his devotion and willingness to forgive up to this point, but the role may be overdrawn.

Many a person who has read with intense admiration the statements of Secretary Hughes with reference to disarmament plans have thought how unfortunate it was that this man of big calibre missed election to the presidency. This thought is especially impressed when it is remembered that it was only a party split in California that robbed him of the highest honor in the land and the country of a man fully fitted to meet the responsibilities of the highest office.

In all the addresses made these days by financiers about present business conditions the majority point out that there can

be no normalcy until affairs relating to agriculture are on a stable basis. The figures are easy to sum up which afford the proof that while there has been adjustment in most departments of the business, that this does not apply to the farmer and in terms of the crops he produces he continues to pay for the commodities that he buys prices that are too high. Either prices for grain must advance for the things that the farmer buys must be reduced.

Interest in the next Morgan county fair will be greatly increased if it is found possible to have racing events along with the exhibition. The matter is not yet fully settled, but is well in hand, with a good prospect of the association being able to secure the old fair ground track. A good racing card will bring much of the glamor that surrounded the county fair in the good old days.

Some people are almost beginning to believe in the pessimists' doctrine that every man has his price. They are getting a lot of testimony in support of this gloomy theory from noting the number of dismissals of agents employed to enforce the prohibition or revenue laws. For many a man the temptation in this line of work seems to be too strong, and they yield to the lure of money easily secured without counting the cost of later retribution.

Down in Missouri there is either an engineer or a contractor who doesn't know about costs. The engineer's figures on the stretch of two miles of state aid road near Chillicothe was \$50,000, and the bid for the work was a little more than \$26,000, or less than half of the engineer's estimate. In times past the complaint has sometimes been made that contractors figure just to come within the limit set by the engineer, but that did not apply in this instance.

It is anticipated that the totals of savings made possible thru a

transfer of government surplus supplies from one department to another will be much greater than at first estimated. Thru the efforts of the Daves budget bureau, a system has been worked out whereby surplus stocks in one department are sent to another which is in need of that sort of material. Instead of buying new supplies in the market. Until a complete inventory of government stocks on hand is available, it will not be possible to tell accurately how much the appropriations for the current fiscal year can be reduced, but enough is known already to make certain that Gen. Daves' original estimate of savings will be far exceeded.

ATTENDS CONVOCATION

Rev. George E. Stickney, pastor of Congregational church of this city, returned yesterday evening from a delightful and helpful gathering in Chicago where he attended a tri-annual convocation of the Chicago Theological seminary from which he graduated a few years ago. He had the great pleasure of meeting a number of classmates, former instructors and various friends of the institution and it was a source of great inspiration.

He also gave an encouraging account of the seminary which was formerly located on the west side, but is now in the vicinity of the great university and affiliated with it. At first the friends of the seminary feared the result of such a move might not be wise, that the great university would overshadow the seminary and detract from its influence, but the contrary has proved to be the case as it has a larger number of students since the change and some from the university are taking special work in the seminary.

The university is planning to erect in the near future a two and a half million dollar chapel calculated to be the finest of its kind in the state and possibly in the country. The money for the structure is already on hand.

HOWITZER COMPANY GETS MORE EQUIPMENT

A large consignment of equipment for the Howitzer company has been received. This shipment brings the equipment up to full strength. The equipment of the company now consists of 4 37 mm guns, 4 ammunition carts for the guns, 6 Stokes trench mortars, and a range finder for use with the 37 mm guns. Col. Tripp was in the city last week and checked out and shipped all of the equipment of the old rifle company, Company K, 5th Inf.

Several local boys have enlisted with the company this week. They are Hugh E. Guy, Thos. E. King, Herschel Chiles, Warren Hoagland and Frank S. Maddox, who served three years and nine months in France and has been enlisted as top sergeant.

The drill Monday night consisted of an hour and a half of close order drill. This is the first drill in foot movements the company has had since its return from Camp Lincoln. All of the previous drills were with the equipment.

AUTO DRIVERS TRY THE IMPOSSIBLE

An Overland 90, belonging to John Pine of Bluffs, was badly smashed yesterday as a result of a race for a bridge. A mechanic was driving the car, and in the race for the bridge the driver was forced to take the railing in order to avoid a collision with a Buick. The car was badly damaged but no one was hurt. The driver of the Buick did not stop or look around.

The accident occurred at the bridge just at this side of the Alexander cross roads, Tuesday night.

C., on or before December 1, 1921. He will send each applicant one package containing five varieties of seeds. Care should be taken to give the correct name and address for mailing.

CHICAGO & ALTON IS IMPROVING PROPERTY

The Chicago and Alton railroad is improving its property here in the city. A force of workmen is busy putting a new roof on the freight house and adding a ten foot extension to the platform so that one more car can be accommodated. Work is being done on the drainage facilities at the passenger station, new pipes being installed and cess pool being dug at the rear of the station. Work on the improvements is being pushed and will be completed within a few days.

DREN DUFFY WILL JOIN FATHER HERE

Dren M. Duffy, for the past year with the New Haven Clock company, Chicago, will be home soon to assist his father during the holiday season. Dren is a young man of mechanical ability, demonstrated by his association with the oldest and most reliable clock factories in the United States. On account of his father's inability to keep up with his increased business, he was compelled to send for him.

IMPORTANT CASE ON IN CIRCUIT COURT

Claim Against Estate of Job Coates Now Being Considered by Jury—Docket Entries Made Wednesday

A great deal of interest attaches to the case of Susan H. Dickinson vs. J. Weir Elliott and R. C. Reynolds, executors, which was appealed from the county court by the executors and is now on trial in the circuit court. The case came to trial Wednesday morning and after a considerable delay a jury was selected. Attorneys began their opening statements early in the afternoon and the taking of testimony was proceeding when court adjourned.

The jury in the case includes Gra Holmes, Jerome Miskell, J. W. Catherwood, Earl Farmer, Fred Baugust, Thomas Drake, Ira P. Story, Francis Spires, Edward L. Cox and Russell Bostic.

The complainant is represented by Walter W. Wright, while the estate's attorneys are Bellatti, Bellatti & Moriarty.

The complainant is seeking to collect \$16,250 for services which she alleges were rendered as housekeeper for the late Job Coates through a period of years. The case was tried in the county court the past summer, the jury at that time returning a verdict awarding \$12,000 to the complainant. The case was then appealed to the circuit court by the executors of the estate.

A number of docket entries were made Wednesday, including the following:

Common Law
In the assumpsit suit of McNamara Heneghan Co. vs. Al G. Barnes, rule on plaintiff to file replication to plead by Nov. 17, at 9 a. m., time to file replication extended to Nov. 23.

The assumpsit suit of the trustees of Illinois college vs. the city of Jacksonville, was dismissed by the plaintiff.

In the suit of Harry A. Roman et al. vs. Henry S. Greenstone and demurrer was confessed and leave given the plaintiff to amend summons and declaration.

The assumpsit suit of Gaynelle Olinger vs. Edward Teinl, was dismissed as per stipulation on file.

The appealed case of J. M. Coons against W. H. Kitzner was dismissed by the plaintiff.

In the assumpsit suit of George Orear against D. A. Schaffnit, motion was made by the defendant to set aside default and for leave to plead.

In the matter of Henry Stryker et al. ex parte petition, master's report of final distribution was filed and approved and the cause stricken.

In the partition proceedings of Mary E. Cully et al. vs. Emilin D. Cully et al. master's report of final distribution was presented, approved and filed and cause stricken.

In the suit of George E. Hale vs. Eva M. Jennings Hale, bill to annul marriage, the defendant was called and made default.

In the divorce proceedings of George O. Webster vs. Sarah

Flinn Webster, leave was given the defendant to file cross bill. In the matter of Martin Kenny vs. Francis W. Kenny, petition for order to release dower, H. P. Green was appointed guardian ad litem for incompetent defendant; answer filed; cause referred to master.

BUCK JONES, in RIDING WITH DEATH

Buck Jones, who has won fame on the screen as a star in Western drama, has just been formally christened Charles. He is one of the very few motion picture actors fitted by nature, character and experience to enact the role of a Texas Ranger of the best type. Such is the role that Charles (Buck) Jones assumes in "Riding with Death." Beautiful Betty Francisco plays the feminine lead. This is the dynamic star's first picture billed under his new given name. Don't miss it.

"Man, Woman and Marriage"
STARRING
Dorothy Phillips and James Kirkwood
With more than ordinary pleasure we announce the presentation of "Man-Woman-Marriage," the biggest motion picture of the year. A special First National attraction directed by Allen Holubar. This production has been aptly termed a mighty milestone in motion pictures. There could be no better name for a picture that is at once a woman's heart, and combined with vast spectacular moments wherein thousands of actors, pagan dancers and barbaric beauties participate. Hordes of women ride bare-legged bare-armed, bare-cheated, in the mighty battle of the Amazon with a woman as their leader. Thousands of horses—with monkeys, lions, tigers, chimpanzees, and bears besides. These are the mighty army which Allen Holubar used in the magnetic sequence of drama, revelry, riot and sex-antagonism of "Man-Woman-Marriage," the stupendous First National attraction that marks a new milestone in film production in America.

WORTH WHILE GIRLS OF MANCHESTER MEET

Baptist Church Held Meeting in Country Tuesday Evening—Other Manchester News of Interest.

Manchester, Nov. 16.—A regular meeting of the Worth While Girls of the Manchester Baptist church was held Tuesday evening at the country home of Albert Greenwalt east of Manchester. The five daughters of Mr. Greenwalt, all of whom are members of the club, were the hostesses.

There were 17 members and 2 visitors present and they responded to roll call by giving confessions. Miss Mabel Blackburn was in charge of the program of the evening, which was followed by a brief business session. Then came a social hour and the serving of delicious refreshments.

It was decided to give an oyster supper Saturday, Nov. 19th, in the M. L. Robinson building on the north side of the square. Ice cream will be served in addition to oysters and other good things to eat.

R. J. Ash and family are mourning the death of their old family horse, which died Monday after years of faithful service. C. H. Sutton, who was taken to Norbury Sanatorium Saturday for treatment, is now reported to be improving.

Johnson & Hackett of Jacksonville are installing a new furnace in the Weis building, occupied by C. D. Chapman and T. M. Whitlock.

Glenna, the little daughter of Mr. and Mrs. Fulton Cuddy, is now improving after her recent illness.

Miss Mildred Lakin was able to resume her duties at St. John's hospital in Springfield after a recent illness.

Ray Moore arrived from Michigan City, North Dakota, Wednesday for a visit with his sister, Mrs. Perry Howard and other relatives.

Mrs. Albert Cotter of Hillview is visiting at the home of Mr. and Mrs. Matt Cotter.

Mr. and Mrs. Jess Seal and Horace Heaton spent Wednesday in Beardstown.

C. P. Carwood of Springfield was calling on old friends in Manchester Wednesday.

Mr. and Mrs. E. E. Rousey and Miss Pearl Rousey motored to Milton Wednesday.

Mrs. Ella Curtis is visiting her son, Roy and family in Alsey.

Rev. Mr. Williams of Alton delivered a sermon at the Baptist church Wednesday evening. The discourse was heard by a large audience.

MEN OF WHITE HALL CHURCH HAVE DINNER

Brotherhood of Presbyterian Church Met for November Dinner Wednesday Evening—Senator A. S. Cuthbertson is Speaker

White Hall, Nov. 16.—The November dinner of the Brotherhood in the Presbyterian church brought out the largest attendance of the season, there being 125 plates. The whole affair was held in the new basement accommodations, chicken pie being served as the main feature of the menu. The football team of the White Hall High school, twenty in number, were guests of the Brotherhood, being welcomed in a formal way by T. M. English, who was followed by Rev. Lee A. Hanchett in admonition to the boys to stand up to the line in the game with Roodhouse next Saturday.

Senator A. S. Cuthbertson of Bunker Hill, the speaker of the evening, was introduced by President Clyde Sloan, who spoke with special emphasis on Senator Cuthbertson's stand on the liquor traffic. The senator referred to the presence of the football team, saying that the fellow who is a man on the team will be a man every inch of life's pathway. His pleasant experiences on his previous visits to White Hall were related, and said he addressed a church brotherhood in Alton some time ago, placing the result in some way larger than White Hall, and yet there were only thirty-seven present. He congratulated the White Hall Brotherhood on the evident interest and large attendance.

By this time the crowds began to fill every part of the basement to hear the program feature as the senator began the theme of his address, that of "Good Citizenship," saying he is not a pessimist. "I don't believe the world's getting worse. The man who says the world is going to the dogs has given little thought to either the dogs or the world. We as a nation have passed through a great crisis. Reaction must come, and reaction has come. Some things have evaporated. The world is face to face with a period of reaction, reconstruction. I have found great inspiration in the history of the past. The history of our nation is the history of heroic endeavor and the overcoming of great obstacles. The history of the church abounds with inspiration and by the church I mean not any one denomination, but the whole body of followers of Christ." Here the senator told the story of the Prophet Elisha at Dothan. "They that are with us are more than they that are against them; the forces of righteousness are the strong forces."

"The church is one of the greatest forces for good in the world, the Christian alone excepted. As to national resources we are unsurpassed. The greatest rivers flow through our land, the mightiest oceans of earth touch our shores, and we have the greatest plains and the highest mountains, mighty forests and great mineral deposits, a network of railroads, and some of the most populous cities in the world. To be an American citizen is to be a citizen of the greatest land in the world." The speaker voiced his approval of restricted foreign immigration and made a demand for the enforcement of law. He said you can prosecute the packer for raising the price of meat and the striker for rioting, but you can't kill greed in the human bosom. He strongly pleaded for education as a means of solving many of our problems, and related the story of David and Goliath as an illustration of the power of faith and courage. "We need greater faith in our country, our flag and our God." He concluded with an appeal to the Brotherhood to continue to stand for everything that is good and elevating to society.

CHINA'S PROPOSAL IS GREAT SURPRISE TO JAP DELEGATES

Looked For First Move From the United States

WASHINGTON, Nov. 16.—China's proposal today surprised the Japanese delegates to the arms conference. They had been expecting a series of suggestions from the United States, rather than China, because it was the United States that first laid emphasis on the importance of discussing the Far Eastern question in connection with limitation of armaments.

The question of administrative freedom is declared in Japanese circles to affect particularly England and France because of England's interest in the customs tariff and salt gabelle and France's administrative connection with the postal service. The Japanese say they are ready to support the administrative integrity of China. The presence of Japanese troops from time to time in China, they concede has been accompanied by temporary exercise of administration but they contend that this has been done by the army and has been a necessary concomitant of the presence of armed forces in a foreign land. What seems to puzzle Japanese the most is the declaration that China's rights as a neutral are to be respected. This is interpreted by some as meaning that China wishes to have the powers guarantee her neutrality. Others share the Japanese argument that order in commitments and engagements means a central authority in China to regulate them and the entire situation goes back to a question of building up an orderly China able to exercise her prerogative as a state like other countries.

U. S. HAS NO PLANS FOR LAND FORCES

(By The Associated Press)

WASHINGTON, Nov. 16.—The United States does not contemplate offering any definite program for limitation of land forces during the conference here and so far as the American delegates and their military advisors have been able to ascertain none of the foreign delegations has prepared proposals for army reduction.

The question of army reductions will be broached in open conference by Premier Briand of France. He has already intimated that France would urge an army for herself sufficient for protection against near neighbors and the whole question of armies is then expected to be referred to the armament committee of the whole.

Having no suggestions for reduction of their own forces, it was said that neither the United States nor Great Britain were in a position to offer any concessions nor were they desirous of suggesting, on their own initiative, limits for the armies of other powers. The American group is fully prepared, however to deal with the land force question when it develops.

There was much speculation among the conferees whether France would propose or hint at reported desires for defense assurances from America and Great Britain for protection against German aggression, in consideration for an agreement to make radical reduction in the size of the French army. If so, there was high authority for the statement that she would be doomed to disappointment. The American position was said to be against any treaty, compact or agreement of any kind.

PRESENT MARSHAL FOCH WITH GOLD SWORD

WASHINGTON, Nov. 16.—Marshal Foch, an illustrious of a Jesuit college of France was presented today with a gold sword by nearly two score Jesuit colleges and universities of the United States.

The presentation was made at Georgetown University where the marshal received the degree of Doctor of Canon and Civil Laws.

Prior to his visit to Georgetown Marshal Foch was the guest of honor with General Diaz and Admiral Beatty, of Secretary of War Weeks at luncheon. Tonight a reception was given at the French embassy and tomorrow he will go to New York to spend three days. Returning to Washington for two days he will leave on a seventeen day tour thru the west including the Yosemite Valley and Grand Canyon.

TWO HUNDRED ORPHANS COMING TO NEW YORK

Bremen, Nov. 16.—Two hundred and fifty Ukrainian orphans whose parents were victims in the recent revolutionary activities in the Ukraine, are looking to embark for New York on the Steamship America. These waifs made the trip from Danzig to Bremen on a small boat.

ALEXANDER HOWAT ISSUES STATEMENT

Columbus, Kansas, Nov. 16.—Thru the bars of his cell in the Cherokee county jail here tonight, Alexander Howat, deposed president of the Kansas miners, characterized the efforts of the international union to obtain a resumption of work as an utter failure.

Neither jails or injunctions or industrial courts or expulsion from the union can sway the mine workers of District 14, in the brilliant fight they are making to establish the principles of justice in this state, he asserted.

OPTIMISM PREVAILS AMONG JAPANESE

Tokio, Nov. 16.—Striking evidence of optimism and the prevalent tendency to regard the slash in naval armaments as an accomplished fact is to be found in the discussion now being indulged in regarding the economic effect of releasing tremendous revenue, which could be made available for the

COTTON DESTROYED BY FIRE

Port Smith, Ark., Nov. 16.—More than five thousand bales of cotton have been destroyed and as many more are expected to be lost by a fire that is raging at the Port Smith Cotton Compress company's plant here. The blaze which was caused by lightning is confined to the compress plant. Estimated loss at present is about 500,000.

ST. JOHNS WINS FROM KEMPER

Delafield, Wis., Nov. 16.—The Saint Johns Military Academy football team defeated the Kemper Military school of Boonesville, Missouri, for the military academy championship of the middle west today 56 to 0. Kemper claimed the title by virtue of defeating the Culver Academy team two weeks ago.

GIBBONS KNOCKS OUT SOLDIER JONES

Windsor, Ont., Nov. 16.—Tommy Gibbons of St. Paul knocked out "Soldier" Jones, claimant of the heavyweight boxing championship of Canada tonight in the first round of their scheduled ten round bout.

George Kimber of Waverly was in Jacksonville yesterday on business.

HOPE TO HAVE ALL LINCOLN CIRCUIT SIGNS IN PLACE

Next June Will See Pioneer Trail of Lincoln Marked

DANVILLE, Ill., Nov. 16.—By June, 1922, it is hoped to have every mile of the road over which Lincoln, Douglas Lamont and other pioneer lawyers of Illinois traveled horseback during the fifties paved and marked with the Lincoln circuit signs, circles of blue and white, according to report made today at the eighth annual meeting of the Lincoln Circuit Marking association here.

Delegates from eighteen counties were present and reported progress made during 1921. Already brass signs have been placed in many towns and cities on the old eighth judicial circuit, and much of the roadway has also been marked.

The circuit runs from Springfield thru Pekin, Metamora, Bloomington, Clinton, Monticello, Urbana, Danville, Paris, Charleston, Shelbyville, Sullivan, Decatur and Taylorville.

At a banquet tonight, Mrs. Keasie Palmer Weber of Springfield, presiding, talks were made by Mayor C. P. Madden, Dr. O. L. Schmidt, of Chicago, L. K. Reas of Eureka; Mrs. E. H. Waldo of Urbana and others on early day circuit riding and the objects, of, and work done by the association to perpetuate the route travelled by Lincoln and his colleagues of the Illinois bar.

OPEN SESSIONS ARE DESIRED

WASHINGTON, Nov. 16.—As many public sessions as possible are desired by the Japanese in the discussion of Pacific and Far Eastern questions members of the Japanese delegation declared today. They added that the Japanese would welcome open discussions because they wanted the world to examine Japanese policies in the Orient.

Japan does not expect to raise the question of British occupancy of Chinese territory and apparently does not expect that other countries will question her right to the leased territory of South Manchuria which came to her as a result of the war with Russia.

It was also intimated today that the Japanese are opposed to the idea of an international control of China, contending it would be a violation of the sovereignty of that country.

Japanese say they are willing to work for a real open door in China which would include all parts of that country, even Tibet and Mongolia as well as Manchuria in which Japan considers she has special interests.

PLAN TO RELIEVE TRAFFIC CONGESTION

New York, Nov. 16.—The several million workers in New York may soon be asked to go to work and return home every day a few minutes earlier than is their present custom in order that the rush hour congestion in subways, elevated trains and street cars each morning and afternoon may be partly relieved.

The state transit commission announced tonight that it had given consideration to such a plan for several months and it is judged feasible the commission would ask big business and industrial establishments to put it in operation.

GOODRICH IS RECALLED FROM RUSSIA

Riga, Nov. 16.—Former Governor Goodrich of Indiana, who went to Russia two months ago as a special investigator for Herbert Hoover, chairman of the American Relief administration, has been recalled by cable and asked to return to America to report immediately to Mr. Hoover concerning the latest Russian famine conditions. Mr. Goodrich arrived at Riga today on his way to England whence he expects to sail for America on board the steamship George Washington, November 30.

FIVE INJURED IN RAILROAD WRECK

Sandusky, O., Nov. 16.—Five persons were slightly injured late today when east bound passenger train No. 4, on the Wheeling and Lake Erie railroad ran into a defective switch at Clyde, Ohio near here and two coaches and a baggage car overturned.

The injured, whose hurts were mainly bruises and sprains, were taken to a hotel where physicians attended them.

COLORADO STRIKE ZONE UNDER MARTIAL LAW

(By The Associated Press)

DENVER, Colo., Nov. 16.—Huerfano county will be placed under martial law tonight on the eve of a strike of 3,500 miners employed by the Colorado Fuel & Iron company in Southern Colorado, Colonel Patrick Hamrock, state adjutant general declared tonight before leaving for Trinidad to take command of the force of Colorado state rangers in the district.

The declaration of martial law will be proclaimed, Colonel Hamrock said, by authority of Governor Oliver H. Shoup, who today ordered Colonel Hamrock to take over control of the maintenance of peace and order in Huerfano county.

Union officials announced that the men would strike tomorrow in protest against a wage reduction of 30 per cent, placed in effect today at eleven mines of the company in the district. John McLeary, superintendent of the company's mine at Oakview has twice been threatened with death unless he leaves town, Colonel Hamrock said.

A rifle was fired at McLeary's house Sunday, Colonel Hamrock stated, the bullet passing thru the bedroom without injury to anyone in the house.

Dr. A. E. Obermeyer of Arcadia and Dr. Paul Allen were among professional callers in the city yesterday.

STRIKE ORDER BECOMES EFFECTIVE

Pittsburg, Kans., Nov. 16.—An order of the International Mine Workers' Union directing that all miners on strike in the Kansas coal fields return to work during the day under penalty of having their union charters revoked and membership suspended became effective this morning and tonight it was announced by the Southwestern Coal Operators' association that approximately 100 more men were at work today than yesterday.

Tonight Van A. Bittner, special representative of the international union here and under whose name the "back to work" order was issued said that approximately 4,000 miners faced suspension and announced that he would begin immediately to carry out the penalties provided for in the order.

Mrs. R. Shoemaker will leave this morning for Champaign, where she will attend the convention of the missionary society of the Methodist church.

ments have yet been made for the funeral.

State's Attorney Robinson said last night that the grand jury would take up the case at today's session.

William N. Hairgrove was retained last night by Mr. Zachary to defend him in the case.

Coroner Rose was notified of Crawford's death and immediately empaneled a jury. The members of the jury are: William Batz, foreman, G. V. Flinn, W. A. Bancroft, John Snyder, Clark Green and Lee Rexroat. The coroner has not yet set the time of the inquest but it probably will be held some time today. The same witnesses will have to appear before both the grand jury and the coroner's jury and the coroner's hearing will depend largely upon the time the witnesses finish their testimony before the grand jury.

"Convenience Outlets"

You know what "convenience outlets" are, of course—wonderful little arrangements in the walls or baseboards into which is placed the plug for the electric washer, percolator, vacuum cleaner, chaffin dish and the hundred and one things which electricity is king of. There never can be too many of these outlets in a house—two or three in every room with additional ones in hall, upstairs and down, are not too many. An electric appliance is much more useful with its "convenience outlet."

The better time to have outlets installed is when the house is being built; although we are installing them in many old homes quite satisfactorily. An outlet in time is a convenience in time.

BUDGET CAMPAIGN MOVING SLOWLY

Rain Does Not Dampen Ardor of
Workers—Much Remains to Be
Done in Order to Reach Goal
Set.

Yesterday's rain did not dampen the ardor of the workers who engaged in the big United Budget campaign. They were busy all day, and during the afternoon the Chamber of Commerce headquarters were crowded with solicitors reporting to their captains. In many instances substantial pledges were reported, but in other cases they were not so fortunate.

So far about one third of the goal has been reached, but a great many more pledges must be secured before the success of the drive is assured. The official statement of the pledges secured up to date is as follows:

Nov. 15th.,
340 Pledges totaling . . . \$1,973.42
Nov. 16th.,
384 pledges totaling . . . 2,125.75

Total . . . \$4,099.17
There is yet two thirds of the \$12,500 to be raised before the goal is reached. This means that the people must be ready to help. The solicitors are contributing as well as doing the work.

The work of checking the money and pledge cards is well organized and altho at times there are as high as thirty solicitors in the headquarters reporting at once, no confusion is evident.

Miss Virginia Balsley Entertains
Girl Friends Wednesday—Order
News From Winchester and
Vicinity

Winchester, Nov. 16.—Miss Virginia Balsley entertained a number of her girl friends Wednesday at the home of her parents, the occasion being in honor of her birthday. A bountiful 6 o'clock dinner was served and afterward came a very pleasant social time. The young hostess received a number of very nice gifts.

George Buckley has returned to his home in St. Louis after a visit with relatives and friends. Miss Perry Coultas left Wednesday for St. Louis and from there will go to Valer to visit relatives.

R. D. Armstrong of Chesterfield, Ill., has purchased the garage on North Main street from Sweet Bros. and has taken possession of the same. Sweet Bros. have many friends here, all of whom will regret to see them go out of business. Mr. Armstrong is a stranger to many Winchester people, but he and his family will be welcomed by the community.

A baby daughter was born Tuesday to Mr. and Mrs. A. Christison.

FAIL TO GET JURORS IN ARBUCKLE CASE

SAN FRANCISCO, Cal., Nov. 16.—The third day of the manslaughter trial of Roscoe C. (Fatty) Arbuckle saw the jury box filled five times with jurors passed for cause, but with the final choice of a jury still unmade because of the exercise of peremptory challenges.

Questions asked prospective jurors and arguments between counsel over these questions were largely a repetition of yesterday's. An exception was that Milton T. Uren, assistant district attorney, asked one prospective if he would be swayed in any way if it was shown that a minor had been present at the party in the Hotel St. Francis in which Miss Virginia Rappe, for whose death Arbuckle is being tried, is alleged to have sustained her fatal injuries.

There were vacant seats in the court room all day and the police guard was reduced considerably.

TALK DISPOSITION OF DISCARDED SHIPS

WASHINGTON, Nov. 16.—Naval vessels designated for discarding under a limitation of armament agreement would have to be scrapped or sunk, naval experts declared today. No satisfactory method of utilizing naval vessels for any purpose other than that for which they were designed and built has ever been evolved, they said.

With the exception of certain light cruisers which probably will not be scrapped or sunk, naval ships now on the American list could be remodelled sufficiently in the opinion of naval officers.

A battleship for example, they said would have to be redesigned and rebuilt to suit a new purpose and would cost more than a new passenger ship.

Salvaging is possible to a certain degree, it was said, but an offer for immediate salvaging of the proposed discards is hardly to be hoped for by any commercial concern because no existing concern has the facilities and labor to undertake so immense a proposition.

IS CONVICTED ON DISTORTION CHARGE

PEORIA, Ill., Nov. 16.—The United States district court today convicted Mathias Hanna on charges of attempting to extort money from Dee Robinson, owner of a chain of motion picture theaters. Robinson received letters threatening to blow up his home and theaters if he failed to throw a tin containing \$2,000 from his automobile as he passed a designated spot. Robinson threw the can which contained a note reading:

"Go to h—!"
Ben H. Skowich, a newspaperman lay hidden in the weeds, camouflaged like an old tree. When Hanna appeared the "tree" dropped one of its branches which had a 45-caliber automatic at the end of it. The jury was out less than thirty minutes.

VETERANS' BUREAU DOES GOOD WORK

Interests of Ex-Service Men Are
Given Careful Attention by
Clean-up Squads

One of the best proofs, that the newly created United States veterans' bureau is functioning efficiently and in the best interests of the disabled ex-service men, lies in the work of the clean-up squads. These squads are organized through the district office and there is, at the present time, one squad operating in each of the forty-eight states of the union.

The United States veterans' bureau is a government bureau which came into being upon the enactment of the Sweet bill in July of this year and is composed of three old government agencies, the federal board for vocational education, United States public health service and the bureau of war risk insurance, all of which were consolidated to form this new agency. This district office is the eighth, it comprises the states of Illinois, Michigan and Wisconsin, the district office being at Chicago, Ill.

Fourteen District Offices

In order to give service and eliminate "red tape," the veterans' bureau has been organized on a decentralization plan. Fourteen district offices have been established in different parts of the country, and under these, there are 140 sub-district offices in operation. The outstanding feature of this plan is that men desiring relief or training from the government can get it directly from the district office, whereas formerly it was necessary for adjustments and authorizations to be made from Washington. Through decentralization, the bureau has established personal contact with the ex-service men who are its wards, and today every disabled man can easily find the means to talk over his case personally with a bureau representative.

The clean-up squads, one of which is operating in each state, that is Michigan, Wisconsin and Illinois, is one of the most successful means of bringing the bureau to the disabled ex-service man. Each squad consists of a compensation expert, a training expert, a physician and a secretary, who are sent out from the bureau; and further than this all squads in this district are now accompanied by a representative of the American Legion and the American Red Cross. These squads travel about in the state and establish headquarters for several days at some town which is the center of population in the district. The ex-service men living within a radius of twenty-five or fifty miles of that town can come to the squad for personal interviews and present their claims for hospitalization, compensation and vocational training.

In the event that any ex-service man is physically unable to come to the squad, the American Legion and Red Cross make arrangements and some member of the squad visits the ex-service man at his home.

A Two Month's Record

During the first two months of their existence, the clean-up squads in this district interviewed 6,463 men personally. Of this number 1,246 men made their first applications for compensation, 1,178 men made application for vocational training and 2,167 men were given physical examinations. As a result of this two month's work, a great many men have been placed in vocational training and many more have been granted compensation, some of the awards running as high as \$80 per month since the date of the man's discharge. As a result of these awards, many men have received checks ranging from \$500 to \$1,500 as a first payment on their compensation claims.

In speaking of the work of the clean-up squads, the American Legion, the American Red Cross and the Veterans of Foreign Wars cannot be praised too highly for the co-operation that they have given in this campaign of service for disabled ex-service men by sending representatives into the field to assist the man in preparing their claims and by giving the proper advance publicity to the visits of the various clean-up squads so that the ex-service men might know where and when to present their various claims.

Any exservice man who is interested in presenting a claim to one of these squads, may procure further information concerning same by communicating with his local post of the American Legion, or the district office of the bureau direct, at 14 East Congress street, Chicago, Ill.

HIGH SCHOOL TO GIVE CONCERT

Event Is Set for Friday Evening—Excellent Program Has Been Prepared

On Friday evening at 8 o'clock the music department of Jacksonville high school is to give the first concert of the year. The students under the direction of Miss Lena Hopper have been working hard for the event and it is hoped that a large audience will be present to hear the concert and see the high class work which is being done this year by the music department. The Glee club and the high school chorus will take part and there will be 125 voices on the stage. The high school orchestra will also appear and give some numbers.

The money which is realized from the concert will be used to pay for the musical instruments which have been purchased this year. The concert will be held in the auditorium of the high school and will commence promptly at 8 o'clock.

The following program was announced yesterday by Miss Hopper:

When the Roses Bloom Again... Steven Adams (Chorus and stringed orchestra)
Carry Me Back to Old Virginia... James Bland (Chorus and quartet)
Far Ray in the South... Carrie B. Adams
In the Hills of Old Kentucky... Carrie B. Adams (Boys' quartet)
America the Beautiful... Samuel A. Ward (Treble clef and boys' glee club with violins)
He Shall Feed His Flock Like a Shepherd... G. E. Handel
Corale... J. S. Bach (String quartet)
Forget Me Not... Geese Sweet and Low... Joseph Barnby (Freshman quartet)
Christian the Moor... H. R. Shelly (Chorus and stringed orchestra)
Soloists, Lois Harney, Faye Carroll and Paul Holman
Bendemeer's Stream... Carrie B. Adams (Boys' glee club)
Kindling Wood... Carrie B. Adams (Boys' glee club)
Angel's Serenade... G. Braga (Treble clef club, with violin accompaniment)
Come Ye Fairies... Frank Lynes (Chorus and stringed orchestra)
Ruth Wilkinson and Constance Finch at the piano.

FUNERAL NOTICE

The funeral of Henry Strawn, son of Mr. and Mrs. Henry Strawn, will be conducted at the family residence, 705 West College street, at 2:30 o'clock this afternoon. Rev. M. L. Pontius will have charge.

CANCER The Universal Menace

More people over forty years of age die of Cancer than of pneumonia, tuberculosis or typhoid fever. One woman in eight and one man in fourteen, over forty, die of cancer.

This large number shows that cancer threatens all; your family, you. The danger of cancer lies in the fact that it does not cause pain in the first stages and its victims do not know that they have it until it is well developed.

The Danger Signs.

Cancer on the outside of the body, which can be seen or felt, often begins as a wart, mole, lump or scab. Lumps on the breasts are especially suspicious. Cancer may develop from an unhealed wound, sore or even on an old scar.

Watch these abnormal developments. If they change in appearance or size see a doctor at once. Do not wait until they cause pain.

A Message of Hope.

Cancer can be and has been cured. In the early stages surgery is able to eliminate cancer completely. X-ray and radium treatment also have claimed cures. Therefore, an early examination is necessary. If you have any of the signs mentioned, see your doctor at once.

Where cancer is concerned "He who hesitates is lost." Act now. Remember, medicines are useless. They may relieve pain. They do not destroy cancer. The cancer must be destroyed. An operation is the surest way.

If in doubt see a doctor at once. Delay may cause your death. See your doctor.

VETERAN CARPET MAN

C. E. Dozier, a veteran traveling salesman for the Kennard Carpet & Rug Co. of St. Louis, was in the city yesterday calling on his old time friends, Andre & Andre. Time was when he had with him as many as twenty-five trunks full of samples but now his load is condensed down to one trunk and his samples are photographs colored exactly to show the kind of carpet they represent.

Mr. Dozier said for a while after the World war began there was much anxiety among carpet manufacturers regarding a supply of the right kind of wool for their goods as the desirable kind had largely come from Russia, but now the wool is mainly produced in the United States, while a little comes from Australia.

Then the time was when most of the dyes were made in Germany but now that is no more, an excellent article of coloring

being produced in this country. Germany is sending millions of dollars worth of toys to this country but we are independent of her in the matter of dyes.

Several factories which were taken over by the government during the World war have been converted now into places for the production of clothing, rugs, carpets and many other useful articles.

Occasionally some things must be imported though Mr. Dozier said much of the needed goods are made in this country. He predicts a sure and steady improvement in business. One firm in St. Louis imported some furniture from England and the freight on a car load of goods was \$1,006.87.

NOVEL WEATHER INDICATOR

A gentleman remarked yesterday that an old man once told him that the way the wind blew the day of the equinox was a sure indication of the kind of a winter that would follow. The man said he had observed it forty years and had not known it to fail.

The gentleman speaking to the reporter said he received his information three years ago and for two years had observed that the sign was certain. For instance, last September, the day of the equinox, the wind blew balmy from the south and we all know the mild winter that followed and he said the same sign held good the year before.

MAY CHANGE LOCATION OF FREIGHT DEPOT

It is rumored that the C. P. and St. L. may transfer their freight depot from the Burlington to the old freight house just north of the station. This building is now occupied by the American Express company. The proposed change indicates an increase in the freight business of that road.

Frank Rentschler, of Spring View, Nebraska, has come to Concord, called there by the serious illness of his father, G. R. Rentschler.

ELEVATOR IMPROVEMENTS

F. J. Blackburn & Co., have been installing some modern and excellent improvements in their elevator on East College avenue east of the Alton railroad. They are having placed in the building a modern dump and grain elevator and an electric motor which will be a great improvement.

WILSON FUNERAL IS HELD AT VIRGINIA

Remains of Young Man Laid To Rest Tuesday Afternoon—Coroner's Inquest Held

Virginia, Nov. 16.—The funeral services of the late Walter Wilson were held at 2:30 o'clock Tuesday afternoon at the First Presbyterian church. The services were in charge of Rev. Max B. Wiles, pastor of the church. Interment was made in Walnut Ridge cemetery.

The lifeless body of young Wilson was found Sunday evening in the rear of the Wilson implement store on the north side of the square, the discovery being made by Bradley Thompson and George Aldridge.

Coroner Saunders of Beards-town was summoned and held an inquest Monday morning. The jury returned a verdict of death by strangulation.

The deceased was a son of Mr. and Mrs. Charles Wilson and was about thirty years of age. He is survived by his parents, one sister, Mrs. Nelle Kehl of Jacksonville, and the following brothers, Richard, Roy and Carl at home.

MORE RAIN

A small rain fell yesterday morning and served to make the rutted roads very slippery. One doctor tried to make an appointment and came near landing in the ditch. East of the city a gentleman who was coming to the city saw a man whose car had turned over completely but fortunately was not seriously damaged nor was the owner injured. Some persons residing along old roads had less trouble but at best traveling was difficult.

ABOUT THE CENTRAL PARK MONUMENT

The soil about the central park soldiers' monument was unsuitable for the small evergreens planted there as the soil is not deep enough and too much rubbish lies near the surface so the growths have been removed and flowers will be placed there.

DECIDED UPURNS

IN PRICE OF WHEAT

CHICAGO, Nov. 16.—Decided upturns in the price of wheat took place today owing more or less to a rise in foreign exchange. The finish in wheat also unsettled was 2 1/2¢ to 2 3/4¢ net higher with Dec. 1.09 1/2 to 1.06 1/2 and May 1.09 1/2 to 1.09 1/4. Corn gained 1/4 to 1 1/4¢ and oats 1/4 to 1 1/4¢. In provisions the outcome varied from unchanged figures to 15¢ decline.

With sterling exchange quoted above \$4 for the first time this year, wheat had an upward slant through the day except about the middle of the session when large selling orders from the east forced a temporary sharp setback.

Strong commission houses absorbed the offerings, however, and news favored the bulls, advices telling of better export demand at the gulf and of Germany taking flour at the Atlantic seaboard. Gossip was also current that a banking interest was working on loan to Germany.

Strength in stocks and cotton tended further to stimulate buying. On the other hand the fact that absence of moisture continued in the southwest was overshadowed by predictions of general rain or snow.

Announcement that much Canadian grain would go to Europe by way of Vancouver received considerable notice.

Active demand from the east together with scantiness of receipts here gave a lift to the corn market. Oats sympathized with the advance of other cereals.

Provisions at first firm, reflecting the action of hogs and grain, but packers selling hard brought about something of a reaction.

BURLINGTON WANTS PURE WATER SUPPLY

The medical department of the Burlington railroad is conducting a campaign to eliminate all disease carrying and forming activities on the Burlington service and to this end is operating in conjunction with the numerous communities, through which the Burlington passes. Some wonderful work has been done to furnish the passengers with pure drinking water and ice.

work, Dr. J. A. Denney, medical director of the Burlington, said: "The Burlington has expended more energy in this particular direction to protect its patrons, stock shippers and employees than, to my knowledge, has been expended by any other enterprise in the world."

DEATH COMES TO MISS EMMA WELLER

Well Known Resident Passes Away This Morning—Was City Matron for Number of Years.

Miss Emma Weller, one of the city's best known residents died at her home, 1061 Grove street at 12:30 o'clock this (Thursday) morning. She had been ill for several months.

Decedent was born in this city and all her life was spent here. For many years she made her home with her sister, Mrs. J. A. Goltra, the family home being at the corner of West College and South Prairie streets.

Miss Weller was for many years at the head of the Associated Charities of this city and was the first matron to serve in the city of Jacksonville. She was a member of the First Church of Christ, Scientist. A woman of fine Christian character Miss Weller had many friends in the community.

She is survived by two nephews and two nieces, Walter S. Goltra of Houston, Texas; Mrs. Percy Stone of Springfield; Mrs. William Cameron and Roy Goltra of Minneapolis.

The remains were removed to the Reynolds mortuary and prepared for burial. The time of the funeral and a more extended obituary will be given in a later issue.

JACKSONVILLE HIGH NEEDS YOUR SUPPORT

Local Football Team Has Lost Money on Home Games—Fans Should Turn Out Saturday for the Quincy Game and Show Appreciation of Good Record.

The football team of the Jacksonville High School has proved its ability to play a first class type of a game but the support from the side lines in so far as numbers is concerned is not at all as it should be. At last week's game the Athletic Association cleared about \$40.00. On one other game this year it cleared about \$30.00. All other games have left a deficit which will result in the financial failure of the football season of this year unless all true lovers of the game turn out next Saturday and support the team with both their vocal chords and their pocket books.

The game this Saturday is to be a very excellent game. We are sure that it will be an expensive game for the High School. It is very much desired that expenses of the Quincy team can be paid from the receipts of the game.

Will Jacksonville support a winning team, a team which does not win because of the poor playing of its opponents but because of its own good work? We know it is difficult to get support for a losing team but it is very seldom that a winning team completes the season with a deficit so far as finances are concerned.

MAY BE ABLE TO GET SPECIAL RATE

Wabash Offers One Fare for Round Trip if 200 Go—Will Try to Get That Number This Morning.

Thru the efforts of the Chamber of Commerce the Wabash has offered one fare for the round trip to Decatur Saturday for the Illinois-Millikin game providing two hundred can be secured.

This should be an inducement to all football fans as they are assured of seeing a good game and it practically cuts the fare in two. The regular fare under which the train was secured is \$5.65. If the additional passengers are secured to make the trip the fare will be \$2.83.

The train is already assured as a sufficient number was secured at the regular fare. However, those who purchased tickets should get busy and get another person to go which will cut their fare in half. The necessary number must be secured today before noon.

If you haven't already arranged to go do so this morning. If you have made your plans see someone else and get them to go. Those wishing to make the trip will please telephone the College office, Illinois phone 454 or Lane's book store, Illinois phone 347 and make arrangements for their ticket.

The college band will make the trip and the Illinois squad is working hard this week and expects to bring home the bacon from Decatur this year. Go over and give the boys your support on the sidelines for this game.

MYERS BROTHERS

AT THE SHRINE OF THE UNKNOWN SOLDIER

(By Congressman G. L. Shaw)

On the third anniversary of one of the most glorious days in the history of the world—the signing of the armistice—there was laid to rest in our national cemetery, an unknown soldier.

Not in the annals of all time do we find record of greater honors bestowed upon mortal being than upon this nameless lad. In respectful, humble, reverent attendance upon his obsequies were great and noble men of all lands. Not the least of these was our own beloved president, tender tributes to this soldier who symbolizes our precious dead wherever they may be, has touched the heart of the world. His message is full of pleading and full of hope.

"Surely no man in authority with human attributes and a full appraisal of the patriotic loyalty of his countrymen, could ask the manhood of kingdom, empire or republic to make such sacrifice until all reason had failed, until appeal to justice through understanding had been denied, until every effort of love and consideration for fellow men had been exhausted, until freedom itself, and inviolate honor had been brutally threatened. We must not ask like sacrifice again."

But in this soldier's death there is no sting. Could he have died in nobler cause? If he had lived, could he have done more or humanity? You gold star mothers who have prayed above all things else that your boy might be good and true and fine, be comforted. He has done the best, the truest and finest thing he could ever do. He has given his life for his country.

Out of all the sorrow, out of all the shadow which death casts upon our hearts will dawn a day brighter, more glorious, more sublime than any day we have ever known in all the universe. More fraught with loving kindness and with promise to the world. A remembering, grateful nation has paid its uttermost tribute to our sons. It has committed itself to the task of bringing about peace and goodwill among nations. God helping, we pray, there may be no more war forever.

The dignitaries gathered here in the cause of peace from all the great nations of the earth, stood with bowed heads beside the bier of our boy, and I am sure that in the moment of silence which the whole nation observed as a token of respect for our beloved dead, the hearts of these men went out to us and to all nations, in love. I am sure no hatred could have lived in those moments of silent prayer.

Our president placed for us upon the casket of the unknown soldier, the medal of honor bestowed by act of congress and the distinguished service cross—

FOUR FEATURES OF BRITISH VIEWPOINT

WASHINGTON, Nov. 16.—Four outstanding features of the official British viewpoint on China's proposals on the Far Eastern questions were emphasized tonight by the highest authorities: Great Britain reiterates that she is in full agreement with the open door policy.

She regards the spheres of influence as antiquated and unsuitable to modern conditions.

The Panama canal is not regarded as a specific question and will not be urged on the consideration of the conference.

The Anglo-Japanese alliance is not regarded by the British as directly involved in the Chinese proposals for settlement of the Far Eastern questions although it may be drawn into the discussion later.

No proposition concerning readjustment of foreign indebtedness to the United States resulting from the war will be advanced by the British delegates.

In fact there is every evidence that the British instructions contemplate a very strict adherence to the agenda proposed by the United States as a basis for the conference. It is known that the French delegation is of the same mind.
